Thursday, May 11, 2023

To Register

Please contact your Servier representative, Susan Tokish, at susan.tokish@servier.com or 425-757-2893 if you would like to attend this program.

PROGRAM DESCRIPTION

A diagnosis of cancer in AYA patients can challenge their sense of autonomy, cause feelings of isolation, impact sexual function and development, and have a negative impact on educational and career advancement, leading to unique financial challenges.^{1,2}

Join us for an expert-led program where we will explore these unique challenges faced by AYAs with cancer and discuss possible interventions with the aim of improving clinical outcomes. **Register today!**

This is a non-CME event sponsored by Servier. In accordance with state laws, we are prohibited from providing meals and food items to healthcare professionals licensed or practicing in the states of Minnesota and Vermont. Invited participants may not bring guests. Servier will collect and report healthcare professional information concerning meals and other transfers of value pursuant to the Federal Sunshine Act and state laws.
