

Immune-Related Adverse Events Webinar Series: Pneumonitis

Join the Conversation with Fred Hutch Cancer Center

We invite you to this provider focused virtual series, Immune-Related Adverse Events - A Series of Panels Exploring the Side Effects of Immunotherapy, hosted by our course chairs Petros Grivas, MD, PhD, and Shailender Bhatia, MD. During the event, clinicians will present immunotherapy-related treatment and research updates and discuss clinical challenges. We will begin with a didactic session, leaving 45 minutes for case discussion and questions. Our featured panelist for this session is Ajay Sheshadri, MD, MSCI associate professor of Pulmonary Medicine, at the University of Texas MD Anderson Cancer Center.
